

### **Visit of ZEvA Review Panel**

On 4-6 April 2016 ZEvA Review Panel stayed with the on-site visit at Alfred Nobel University. The issues actively discussed were: self-report submitted by Alfred Nobel University, development strategy of Alfred Nobel University, contents of teaching and learning for all study programmes, organization of studies, faculty, infrastructure and equipment, teaching methods, research, professional development of teachers, mobility of students, academic and teaching staff, internationalization, graduate employment. Special attention was also drawn to the quality assurance system and student participation in it.

The assessment report was developed based on the results of the visit.
